

**Awards**

**eFTf**

**2014**

# EFTF Young Scientist Award

## Yann Le Coq

SYRTE, Paris, France

“For outstanding contributions to the development of fiber-based optical frequency combs for optical frequency metrology”

Laudation by:  
Fritz Riehle

Prize sponsored by:

# European Frequency and Time Award

**Alexey V. Taichenachev**

and

**Valeriy I. Yudin**

Institute of Laser Physics, Russian Academy of Sciences, and Novosibirsk State University, Novosibirsk, Russia

“For novel methods in the preparation and interrogation of atoms that have led to new kinds of spectroscopy and improved atomic clocks”

Laudation by:  
Ekkehard Peik

Prize sponsored by:  **METAS**  
Federal Office  
of Metrology

# Marcel Ecabert Award

## Jean-Pierre Aubry

Neuchâtel, Switzerland

“For his outstanding involvement in industrial developments in time and frequency metrology and in recognition of his major contribution dedicated to the strengthening of interactions between industry and academic research”

Laudation by:  
Bernard Dulmet

Prize sponsored by:
